

LEGAL ENGLISH LAW COURSE FOR NOTARY EMPLOYEES

This course intended to enhance your knowledge, comprehension and command of legal English, at work. Specifically designed to improve the vocabulary within the Notary field.

OVERVIEW

Legal English is a different language from general English. Sentences are often structured differently in legal English.

The words lawyers use are often centuries old and no longer commonly used in general English. Need prepositions need to be learned.

The Legal English Law Course for Notary Officers is aimed to give you the material you need to work and communicate with clients in a professional English level, and become acquainted with and be able to identify the main features of legal English as against general English, as well as to achieve a good command of legal English vocabulary in several areas, such as trust, or corporate law.

WHO IS THIS COURSE ADDRESSED TO ?

Notary assistants with, at least, medium level of general English, who are willing to perfectionate their communication with international clients and, therefore, get the necessary skills in order to consolidate their careers and provide a more professional legal service.
